

Grand View Bottle Shop recommends the following Wines for the Month of November.

Grand View Wine of the Month
This month we recommend
Bethany Steinbruch 2007

Made from fully ripened Riesling grapes grown in the Barossa. This is a style which will find favour with those who enjoy some residual sweetness in their white wine.
Pronounced citrus characters on both bouquet and the initial taste give way to soft, yet balanced soft grape acid. A great everyday drinking wine and one that teams well with South - East Asian cuisine. It is the perfect wine to enjoy with yun cha.

\$18.99

Grand View Wine of the Month
This month we recommend
2009 WOODSTOCK GRENACHE ROSÉ

Lots of juicy cherries, ripe strawberries and raspberries on the palate with hints of rosewater and fairy floss. The natural acidity and sweetness in balance, carry these flavours and leave a lingering finish which is clean and crisp.
A confit duck salad with pickled cherries and rocket or just on its own for a perfect lazy afternoon drink!

\$19.99
